

## NEW! **Four (4) Logbook Sticker Service Record Forms** Plus: How to "Go Back" and Adobe Version Message

### NEW! Choose from Four (4) Different Versions of the Logbook Sticker Service Record (ZA-LSSR) Form

Thanks to user suggestions, beginning with update disc #2007-07A, you now have the option of choosing from 4 different Logbook Sticker Service Record forms (*illustrated to the right*).

**Version 1:** Original with "Prepared By" at the top of the page.

**Version 2:** "Prepared By" and "Certificate #" are in the middle of the form. "Comments" field expands.

**Version 3:** "Prepared By" and "Certificate #" are fixed at the bottom with fixed/limited "Comment" space.

**Version 4:** "Prepared By" and "Certification #" fields are built into the "Comments" field, allowing for unlimited comment entry.

### Adobe Navigation: How to "Go Back"

Q: How do I "go back" in Adobe?

A: For all versions of Adobe you can **use the keyboard combination of "Alt" + "Left Arrow"** to return to the previous view.

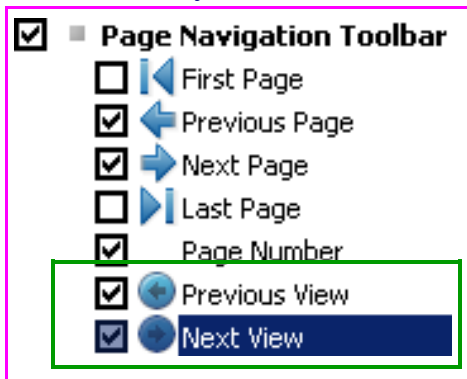

For instance, if you are looking at an AD Summary List and click on an AD, you would use **"Alt" + "Left Arrow"** to return to the AD Summary List.

Adobe **ACROBAT** 6.0 and 7.0 users will have Preview and Next View arrows located at the bottom of their Adobe screen (next to the page numbers).

Adobe **READER** 8.0 users will need to manually customize their toolbar as follows:

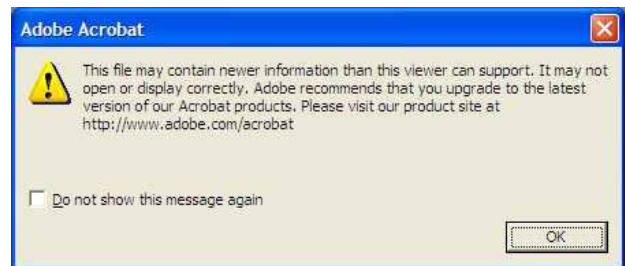

- 1) Go to the Tools Menu at the top of your screen and select "Customize Toolbars".
- 2) Scroll down to the section titled "Page Navigation Toolbar".
- 3) Place checkmarks next to "Previous View" and "Next View" arrows.

**NOTE: With Adobe READER installed, you will NOT be able to save forms!** You must have Adobe ACROBAT installed to save any of the forms provided on the A.D. Toolbox.

### Adobe Version Message

Q: I'm getting an error message saying "**this file may contain newer information than this viewer can support...**"; what should I do?

A: Feel free to disregard this message. **The program will run absolutely fine.** Just click the **OK** button.
